All-terrain road bikes are designed for off-road riding on gravel and dirt roads. With the increasing demand for adventure sports and recreational activities, they are gaining popularity among cyclists who want to explore alternative trails and unpaved roads. The target market for all-terrain road bikes is primarily the adventurous cyclist who wants to push the boundaries of traditional roads. Most of them are experienced road riders who are now looking for something more challenging and exciting. The major factors driving the revenue growth of the all-terrain road bike market are increasing demand for adventure sports and rising trend of cycling as a fitness activity.
