According to our LPI (LP Information) latest study, the global Amusement Parks market size was valued at US$ 40050 million in 2023. With growing demand in downstream market, the Amusement Parks is forecast to a readjusted size of US$ 50650 million by 2030 with a CAGR of 3.4% during review period.

The research report highlights the growth potential of the global Amusement Parks market. Amusement Parks are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Amusement Parks. Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Amusement Parks market.

An amusement park is a park that features various attractions, such as rides and games, as well as other events for entertainment purposes. A theme park is a type of amusement park that bases its structures and attractions around a central theme, often featuring multiple areas with different themes. Unlike temporary and mobile funfairs and carnivals, amusement parks are stationary and built for long-lasting operation. They are more elaborate than city parks and playgrounds, usually providing attractions that cater to a variety of age groups. While amusement parks often contain themed areas, theme parks place a heavier focus with more intricately-designed themes that revolve around a particular subject or group of subjects.

The North American and the European amusement parks markets are anticipated to

witness substantial growth due to increasing per capita disposable income along with presence of major theme-based parks in the focused regions. Walt Disney World in Florida is considered as the most visited theme park in the world. Dubailand, an amusement park currently being constructed in Dubai is expected to be the largest theme-based park in the world. In India, Imagica, an amusement park owned by Adlabs, has surged in popularity. Hong Kong Disneyland, Ocean Park Hong Kong, Lotte World (South Korea), Everland (South Korea), Tokyo Disney Resort, and Universal Studios in Japan are some of the most visited amusement parks in Asia Pacific.
