Artificial gym turf is an artificial grass material specifically designed for gyms and outdoor sports venues. Made from high-quality synthetic fibers, it boasts a realistic appearance and touch, mimicking the texture and aesthetics of natural grass. Artificial gym turf is wear-resistant, weatherproof, and easy to clean, maintaining good appearance and performance over extended use. Additionally, it has excellent drainage properties, staying dry even in wet conditions, ensuring user comfort and safety during workouts. Suitable for functional area division and decoration within gyms, artificial gym turf can also be used for paving outdoor sports fields, providing people with more diverse exercise environments and options. Using artificial gym turf allows users to enjoy the fun of fitness while experiencing the perfect combination of nature and technology.

United States market for Artificial Gym Turf is estimated to increase from US$ million in 2024 to US$ million by 2031, at a CAGR of % from 2025 through 2031.
