ATM Services Include

1.Cash replenishment and settlement

After each replenishment, Loomis balances your machines and communicates that information directly to you. Loomis also offers cash forecasting and management services to help reduce inventory while minimizing the risk of cash outages, along with emergency replenishment services for added peace of mind.

2.Deposit pickup and processing

Serving the needs of an ATM network requires a balance of transportation and processing expertise. We do this by taking the broader processing cycle into consideration, allowing us to provide timelier, faster, more accurate methods of processing deposits—driving down your per-transaction costs every step of the way.

3.Maintenance and security

We partner with leading ATM technical service providers to offer comprehensive FLM and SLM solutions, including electronic lock features on all of the ATMs we service. It's why you can count on us not only to keep your ATMs running optimally, but also to provide timely and accurate data.

4.Cost savings

Create a customized cash transportation schedule with cash collections that reduce your costs.
