In addition, aviation headsets are designed to enhance communication between different people in an aircraft. All aviation headsets allow radio and intra-cabin communication.

In United States, Aviation Headsets key players include Plantronics, David Clark, ASA, 3M Peltor, FaroAviation, etc. Global top five manufacturers hold a share over 50%.

Southern Part is the largest market, with a share about 35%, followed by Western Part, and Midwest Part, both have a share over 45 percent.

In terms of product, Active noise reduction (ANR) headsets is the largest segment, with a share over 80%. And in terms of application, the largest application is Commercial Aviation, followed by Military, etc.
