According to our LPI (LP Information) latest study, the global Ayurvedic Preparations market size was valued at US\$ 19160 million in 2023. With growing demand in downstream market, the Ayurvedic Preparations is forecast to a readjusted size of US\$ 35550 million by 2030 with a CAGR of 9.2% during review period.

The research report highlights the growth potential of the global Ayurvedic Preparations market. Ayurvedic Preparations are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Ayurvedic Preparations. Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Ayurvedic Preparations market.

The constituents that make up the medicine are obtained from nature and made ready with great care. The main advantage of Ayurvedic medicine is that they do not contain any harmful ingredients and can be used safely.

Factors driving consumer preference for Ayurvedic herbal products include rising awareness about their benefits, growing awareness about the adverse effects of allopathic medicines, easy availability, and rising disposable income. Increasing awareness of natural ingredients in health and personal care products in developed countries such as the United States, Canada, Australia, Singapore, and Japan is providing growth opportunities for the Ayurvedic herbal medicines market to manufacturers.
