Basketball suit is a type of clothing that is designed specifically for basketball players. It usually consists of a jersey top and shorts, both made from breathable and moisture-wicking fabric to keep players cool and dry during games. The suit is typically lightweight and flexible, allowing players to move freely and easily on the court.

The upstream industry chain for basketball suits includes the production of fabrics, accessories (such as zippers and buttons), and other materials needed for manufacturing the suits. Downstream, the industry chain includes the distribution and sale of the suits to retailers and consumers.

In terms of world market share, basketball suits are most popular in North America, followed by Europe and Asia-Pacific. Within North America, the United States is the largest market for basketball suits, while China is the largest market in Asia-Pacific.
