The global Beach Tennis Racket market size is predicted to grow from US$ 206 million in 2025 to US$ 275 million in 2032; it is expected to grow at a CAGR of 4.3% from 2026 to 2032.

Tennis is one of the ball games. The effective tennis court is a rectangle with a length of 23.77 meters, a width of 8.23 meters for singles and a width of 10.97 meters for doubles. There is a net in the middle, each side of the game occupies one side of the court, and the players hit the ball with a tennis racket.

With the improvement of economic development level, consumers' health awareness around the world has increased, and their exercise and fitness habits have gradually strengthened. Statistics from CICC Enterprise Trust show that in 2020, the global sports industry market size will be close to US$388.28 billion, and its size will reach US$440.77 billion in 2021. The global sports industry has experienced a compound growth rate of 4.9% in the past 3-5 years, and is expected to maintain a growth rate of 4.9% in the next 3-5 years; the market size of the sports industry in North America is expected to continue to remain relatively large in the next 3-5 years. There is a strong growth trend; at the same time, under the background of scientific and technological progress and policy support, the sports industry in Asia, Africa and South America has huge development potential. As an important part of the sports industry, the sporting goods market has maintained overall growth in the past decade and will continue to grow in the next few years.
