The global Boat Rental and Maintenance Service market size is predicted to grow from US\$ 14360 million in 2025 to US\$ 22180 million in 2032; it is expected to grow at a CAGR of 6.5% from 2026 to 2032.

Cruise ship rental and maintenance services refer to the comprehensive cruise ship use and maintenance support provided to customers, including short-term or long-term cruise ship rental, membership charter, charter services and other rental options, as well as regular maintenance, emergency repairs, maintenance, modification and upgrades and other professional maintenance services. This type of service is designed to ensure that customers can use the cruise ship safely and conveniently while maintaining the performance and appearance of the ship, and meet customers' various needs from rental to long-term maintenance through management and auxiliary services.

The rise of cruise ship rental and maintenance services not only meets people's growing demand for marine entertainment and travel, but also provides convenient management solutions for ship owners and operators. Through comprehensive rental and maintenance, this type of service allows customers to easily enjoy the sailing experience without having to undertake the tedious work of ship maintenance. With the advancement of technology and the increase in personalized needs, cruise ship rental and maintenance services are developing in a more customized and efficient direction, which will further enhance customer experience and industry service standards in the future.
