Abstracts

The global Brewing Consulting Services market size is predicted to grow from US$ 318 million in 2025 to US$ 479 million in 2031; it is expected to grow at a CAGR of 7.1% from 2025 to 2031.

The craft beer movement had been gaining momentum, with many consumers seeking unique and flavorful beers. This trend led to the growth of microbreweries, brewpubs, and small-scale craft beer producers, creating a demand for consulting services to help these businesses navigate the complexities of brewing. As the craft brewing industry expanded, maintaining consistent quality became crucial for establishing a strong brand reputation. Brewing consulting services helped breweries implement quality control measures, ensuring that each batch met desired taste and quality standards.
