Bus stop benches refer to benches set up at bus stops for passengers to rest. These benches are usually located in bus stops or waiting shelters, making it convenient for passengers to sit down and rest while waiting for the bus. Bus stop benches not only provide a comfortable place to rest, but also improve the level of public facilities in the city and the quality of life of residents to a certain extent. Bus stop benches are usually designed with durability and comfort in mind. In terms of materials, common ones are metal, wood and plastic, which are not only durable but also easy to clean and maintain. In order to increase comfort, some benches are also equipped with backrests and armrests, and even have heating functions in cold areas.
