A Business Plan Review Service is a professional consulting or advisory service that assesses and evaluates the content, structure, and viability of a business plan. Business plans are comprehensive documents outlining a company's goals, strategies, financial projections, and operational plans. They are often used for securing funding from investors or lenders, guiding a business's growth, and serving as a roadmap for achieving success.

The use of digital tools and platforms for business plan review and collaboration has likely continued to grow. Online platforms and software that facilitate document sharing, real-time editing, and secure communication can enhance the efficiency of the review process.
