The global Business Trip market size is predicted to grow from US\$ 957390 million in 2025 to US\$ 2267810 million in 2031; it is expected to grow at a CAGR of 15.5% from 2025 to 2031.

A business trip refers to a journey taken by an individual or a group of individuals for business-related purposes. The primary goal of a business trip is typically to conduct business activities, such as meetings, conferences, negotiations, training sessions, or any other tasks associated with the individual's or company's professional responsibilities.

In 2022, the gradual relaxation of epidemic prevention and control measures around the world will have a positive impact on the rapid recovery of the tourism industry. According to data from the World Tourism Organization, the number of global travelers exceeded 900 million in 2022, a two-fold increase compared to 2021. In 2022, international tourism revenue returned to the US\$ 1 trillion, a real increase of 50% compared with 2021. According to data from the Ministry of Culture and Tourism of China, in 2022, the total number of domestic tourists was ? 2.53 billion, and the domestic tourism revenue (total tourism consumption) was ? 2 trillion.
