Chamomile Floral Wax is a product created during the extraction of delicate Chamomile oils.

The scents and oils are actually absorbed by the vegetable waxes and then pulled out with an extraction method from the wax.

Lucky for us there is still oils in that vegetable wax that were not completely extracted. This oil is soft and sweet.

It is a middle note in perfumery. Effective in fighting depression. Helps with anxiety and stress. Kills acne causing bacteria, adds elasticity to skin.
