Abstracts

The global Child Care Services market size is predicted to grow from US\$ million in 2025 to US\$ million in 2032; it is expected to grow at a CAGR of %from 2026 to 2032.

Child care is the fee-based early education and care services a child receives in a center or home-based setting when not in the direct care of a parent.

The market's growth can be attributed to the rising female workforce participation, especially in developing countries, and the change in family structure to shift towards nuclear families.
