Hammock is a lightweight and easy-to-carry bedding for field activities, often with materials used to make hammocks tied to trees. According to the materials manufactured, it is divided into cloth hammocks and rope net hammocks. Cloth hammocks are usually made of thin canvas or nylon cloth, and rope net hammocks are usually made of cotton rope or nylon rope. Rope net hammocks are especially suitable in tropical jungles and hot summers, while cloth hammocks are more widely used.
