Collagen Moisturizing Repair Mist is a skincare product that provides moisture and nutrients to the skin while enhancing its elasticity and radiance. Collagen is the most abundant protein in humans and animals, and it plays an important role in structures such as skin, bones, cartilage, tendons, and teeth. As we age, the body's collagen decreases, resulting in dry, sagging skin and fine lines. Therefore, collagen supplementation can help delay the aging process of the skin and improve the texture and quality of the skin.
