Abstracts

The global CPA Exam Reviews market size is predicted to grow from US$ million in 2025 to US$ million in 2032; it is expected to grow at a CAGR of %from 2026 to 2032.

A CPA Exam Review is a prep course for the CPA Exam. A CPA Review course will help you to pass all four sections of the CPA Exam as quickly as possible. These CPA Review courses typically include video lectures, test bank questions, simulations and digital flashcards.

The changes and updates in the CPA Exam content and structure. The AICPA and NASBA are currently working on a major transformation of the CPA Exam, called CPA Evolution, which will launch in January 2024. The new exam will have three core sections (Accounting and Auditing, Business Reporting and Analysis, and Taxation) and one discipline section (Business Analysis and Reporting, Tax Compliance and Planning, or Information Systems and Controls). The new exam will also reflect the changing role of CPAs in the digital age, requiring more skills in data analytics, technology, and business acumen. These changes will affect the CPA Exam Reviews industry, as they will require new or updated products and services to help candidates prepare for the new exam format and content. The impact of technology and innovation on the CPA Exam Reviews industry. Technology and innovation are transforming the way candidates study for the CPA Exam, as well as the way CPA Exam Reviews providers deliver their products and services. For example, some providers are using artificial intelligence, adaptive learning, gamification, and mobile applications to enhance their test preparation offerings. Some providers are also offering online proctoring, live online classes, virtual coaching, and personalized feedback to support candidates throughout their exam journey. These trends will likely continue or accelerate in 2023, as technology and innovation enable more effective and convenient ways of learning and
