## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

Decorative fireplaces typically refer to non-functional or ornamental fireplace installations that are designed primarily for aesthetic purposes rather than actual use for heating or combustion. These installations often mimic the appearance of traditional fireplaces but do not include the functionality of burning wood or other fuels to produce heat. They are commonly found in homes or settings where the ambiance of a fireplace is desired without the practical requirements or maintenance associated with a functional fireplace.

The global Decorative Fireplaces market size is projected to grow from US\$ million in 2024 to US\$ million in 2030; it is expected to grow at a CAGR of % from 2024 to 2030.
