Die-cutting is not a style of boxes so much as it is a way of making boxes. While standard boxes are made from given styles and shapes of cut and scored corrugated board, die-cut boxes are stamped from corrugated sheets cookie-cutter style. The main advantage of die-cutting is that you can have boxes in virtually any size, style, shape or design. From simple trays and folding mailers to intricate display packaging, anything is possible with die-cut boxes.
