The report requires updating with new data and is sent in 48 hours after order is placed.

The global Enterprise Legal Process Outsourcing (LPO) Service market size is projected to grow from US\$ million in 2022 to US\$ million in 2029; it is expected to grow at a CAGR of % from 2023 to 2029.

The adoption of technology such as artificial intelligence (AI) and machine learning (ML) is transforming the legal industry. LPO service providers are investing heavily in these technologies to improve efficiency, speed up processes, reduce costs and offer better services to their clients. Many companies are turning to LPO service providers to reduce the costs associated with legal services. Outsourcing legal processes to a third-party provider can lead to significant cost savings, especially for routine tasks such as contract management. As regulations become more complex, businesses are finding it increasingly difficult to stay compliant. LPO service providers are able to provide specialized services to help companies manage and stay compliant with regulations.
