The report requires updating with new data and is sent in 48 hours after order is placed.

The global Export Consultants and Cervices market size is predicted to grow from US$ million in 2025 to US$ million in 2031; it is expected to grow at a CAGR of %from 2025 to 2031.

The export consulting service is based on the actual situation of the enterprise, to provide the client with product import and export related information, market conditions, trade advice or business introduction, production assistance and other services.

According to the information released by the World Trade Organization (WTO): Driven by factors such as energy and food price hikes, the total value of imports and exports of goods in countries and regions around the world will expand to US$50.52 trillion in 2022, compared with US$44.964 trillion in the previous year. , an increase of more than 12%. Among them, the total value of commodity exports in 2022 will be about 24.9 trillion US dollars, a year-on-year increase of 11.44%; the total value of imported goods will be 25.62 trillion US dollars (as shown in the figure above), a year-on-year increase of 13.26%. Since the outbreak of the Xinguan epidemic, the world economy has slowly recovered, import and export trade has shown an upward trend, and related service markets have been significantly affected.
