The global Fireside Chairs market size is predicted to grow from US\$ million in 2025 to US\$ million in 2031; it is expected to grow at a CAGR of %from 2025 to 2031.

The impact of the latest U.S. tariff measures and the corresponding policy responses from countries worldwide on market competitiveness, regional economic performance, and supply chain configurations will be comprehensively evaluated in this report.

Fireside chairs, also known as wingback chairs, are upholstered chairs with high backrests and wing-like side panels that provide additional support and insulation, making them ideal for placement near fireplaces.

The market for fireside chairs is driven by the demand for classic and comfortable seating solutions with a touch of elegance. Fireside chairs offer advantages like a distinctive design, cozy feel, and historical charm. They are popular among living rooms, libraries, and reading corners for creating a warm and inviting ambiance. The market growth is influenced by the continuous need for stylish and functional fireside chairs. The demand for high-quality and performance-oriented fireside chairs contributes to the growth of this market.
