## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

The major currency pairs traded in the forex market are active, often volatile, event-driven, and, therefore, very vulnerable to business, political, and economic news that's announced throughout the regular 24-hour trading day. Nearly all forex brokers offer mobile applications. Some of the individual broker apps are so popular that traders who don't have accounts with the broker still use them. Other popular forex trading apps offer free and easy access to news, price quotes, and charting.

The global Forex Trading Apps market size is projected to grow from US\$ 6792 million in 2024 to US\$ 12490 million in 2030; it is expected to grow at a CAGR of 10.7% from 2024 to 2030.
