The global High-Net-Worth Individual Protection market size is predicted to grow from US$ 2634 million in 2025 to US$ 4215 million in 2032; it is expected to grow at a CAGR of 7.1% from 2026 to 2032.

High-Net-Worth Individual Protection provides comprehensive security solutions for individuals and families with significant investable assets (typically over US$1 million, with ultra-high-net-worth individuals typically exceeding US$100 million). These solutions encompass personal, financial, privacy, and reputational protection. These solutions are more than just bodyguard services; they integrate risk assessment, physical protection, technical monitoring, emergency response, and security planning. These services are designed to protect against the specific security threats faced by HNW individuals (such as kidnapping and ransomware, asset theft, privacy breaches, and reputational attacks), ultimately ensuring personal and financial safety, while minimizing disruption to lives and careers.
