Abstracts

The global Home Furnishings and Floor Coverings market size is predicted to grow from US\$ million in 2025 to US\$ million in 2031; it is expected to grow at a CAGR of % from 2025 to 2031.

The impact of the latest U.S. tariff measures and the corresponding policy responses from countries worldwide on market competitiveness, regional economic performance, and supply chain configurations will be comprehensively evaluated in this report.

The home furnishings and floor coverings manufacturing market comprises all firms engaged in the wholesale distribution of home furnishings and housewares, such as glassware and earthenware, curtains and draperies, linens and towels, antiques, lamps (including electric), carpets, and other forms of soft and hard surface floor coverings.

Home furnishing companies are delivering home furnishings and floor covering products directly to customers. This business model excludes middlemen from the supply chain and allows home furnishings and floor covering companies to offer their products to customers at more affordable prices. Some of the companies also started working directly with manufacturers to deliver the furnishings directly to customers, thereby bringing down prices.
