With growing demand in downstream market, the Honeymoon Travel is forecast to a readjusted size of US\$ 1432.6 million by 2030 with a CAGR of 5.7% during review period.

The research report highlights the growth potential of the global Honeymoon Travel market. Honeymoon Travel are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Honeymoon Travel. Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Honeymoon Travel market.

Honeymoon travel refers to a specialized service that assists couples in planning and organizing their honeymoon, which is a romantic trip taken by newlyweds after their wedding. Honeymoon travel services provide comprehensive assistance and guidance to couples in selecting destinations, arranging travel logistics, and creating personalized itineraries that cater to their specific preferences and desires.

In 2022, the gradual relaxation of epidemic prevention and control measures around the world will have a positive impact on the rapid recovery of the tourism industry. According to data from the World Tourism Organization, the number of global travelers exceeded 900 million in 2022, a two-fold increase compared to 2021. In 2022, international tourism revenue returned to the US\$ 1 trillion, a real increase of 50%

compared with 2021. According to data from the Ministry of Culture and Tourism of China, in 2022, the total number of domestic tourists was ? 2.53 billion, and the domestic tourism revenue (total tourism consumption) was ? 2 trillion.
