## Abstracts

The global Horse and Rider Insurance market size is predicted to grow from US\$ 204 million in 2025 to US\$ 268 million in 2032; it is expected to grow at a CAGR of 4.0% from 2026 to 2032.

Horse and rider insurance is an insurance product designed to cover the unexpected risks that horses and riders may face during equestrian events.

As equestrian sports gain popularity worldwide and people's awareness of equestrian sports increases, more and more people are paying attention to the health and safety of horses and riders. As a result, demand for horse and rider insurance is likely to increase. In addition, as the level of equestrian sports improves and competition rules are improved, the risks of horse and rider insurance may also decrease, which will help increase the demand for insurance products.
