The report requires updating with new data and is sent in 48 hours after order is placed.

This report studies the Juvenile Life Insurance market. Juvenile Life Insurance is permanent Life Insurance that insures the life of a child (generally under age 18). It is a financial planning tool that provides a tax advantaged savings vehicle with potential for a lifetime of benefits. Juvenile Life Insurance, or child Life Insurance, is usually purchased to protect a family against the sudden and unexpected costs of a funeral and burial with much lower face values. Should the juvenile survive to their college years it can then take on the form of a financial planning tool.
