Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

This report focus on interior finish services, including design and installing services. We use the terms 'interior finishings' or 'interior finishes' to describe those interior space elements that are fixed in place. They are usually attached to other structural elements of the building, like for example to the walls, ceilings, floors, etc. So, interior finishings most of the times are non-structural elements. They have decorative purpose or both decorative and functional.
