The global IT Equipment Hire for Conferences and Events market size is predicted to grow from US$ 1037 million in 2025 to US$ 1592 million in 2032; it is expected to grow at a CAGR of 6.4% from 2026 to 2032.

IT equipment hire for conferences and events refers to the service of providing temporary access to information technology hardware and related equipment specifically for meetings, exhibitions, conferences, trade shows, and other events. This service typically includes laptops, desktops, projectors, interactive displays, audio-visual systems, networking devices, and other essential IT infrastructure needed to facilitate presentations, demonstrations, live streaming, and attendee engagement. By renting rather than purchasing equipment, event organizers can reduce upfront costs, ensure access to the latest technology, and scale the setup according to the event's size and requirements. These services often come with delivery, installation, technical support, and maintenance, ensuring smooth operation throughout the event and enabling organizers to focus on content and attendee experience rather than managing technical logistics.

United States market for IT Equipment Hire for Conferences and Events is estimated to increase from US$ million in 2025 to US$ million by 2032, at a CAGR of % from 2026 through 2032.
