Jewelry refers to works of art made primarily of precious metals (such as gold, silver, and platinum) and gemstones (such as diamonds, rubies, and sapphires), designed and crafted for wearing, decoration, or collection. It not only possesses decorative beauty but also carries symbolic meanings of culture, emotion, and status. Common forms include rings, necklaces, earrings, bracelets, and brooches. The average price of a piece of jewelry is approximately \$625, with global sales reaching approximately 305 million pieces.
