## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

The Kitchen Order Tickets (KOTs) received in the kitchen are either printed or displayed on a Central Display system or sent to the concerned departments from the POS directly. The KDS (read Kitchen Display System) is integrated with the POS which makes tracking the order easier — the administrators at the POS can monitor the progress of the order throughout, which helps to determine the efficiency of the production unit (kitchen).
