Denim fabric is a textile of sturdy cotton warp-faced twill in which the weft passes under two or more warp threads. It is a characteristic of most indigo denim that only the warp threads are dyed, whereas the weft threads remain plain white. Denim jeans are trousers typically made from denim fabric. They are now a very popular article of casual dress around the world. They come in many styles and colors. Denim Jeans have very wide appeal. For some people denim jeans are considered as comfortable, durable and easy, for others they are more trendy and cool. Denim jeans have presently become a necessity and an essential wardrobe staple, as it provides comfort and has a longer life span compared to other apparel. Currently, jeans are available in a variety of colors and styles to suit various consumer needs. Denim jeans have also demonstrated their capability to transcend beyond age and gender barriers. Denim represents an evergreen fashion trend and is widely endorsed by a number of fashion models. Denim sales based on styles and fits are heavily dependent on street fashion and celebrity fashion trends.
