## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

The concept of 'mini warehouse' was born in foreign countries. It was initially specially designed for individual moving and business trips and the storage of corporate materials, and was later introduced to China. With the development of domestic e-commerce, the demand for three-party warehouses from small and medium-sized e-commerce and wholesalers has increased. The demand characteristics of high frequency and small batches have led to the emergence of micro warehouses.

The global Mini Warehouse market size is projected to grow from US\$ million in 2024 to US\$ million in 2030; it is expected to grow at a CAGR of %from 2024 to 2030.
