According to our LPI (LP Information) latest study, the global Online Exam Proctoring market size was valued at US\$ 720.1 million in 2023. With growing demand in downstream market, the Online Exam Proctoring is forecast to a readjusted size of US\$ 1520.3 million by 2030 with a CAGR of 11.3% during review period.

The research report highlights the growth potential of the global Online Exam Proctoring market. Online Exam Proctoring are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Online Exam Proctoring. Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Online Exam Proctoring market.

Online Exam Proctoring is a feature that enables proctors to extend their reach beyond geographical boundaries, allowing them to assess candidates from any location, and that is subject to the availability of the computer and a high-speed internet connection. Combining technologies like online monitoring software and video streaming with the conventional methods of invigilation can work wonders to keep cheating and other unfair activities at bay. In Online Exam Proctoring, the process includes installing software that keeps track of the candidate's test activity using his/her computer screen, utilizing the webcam to record every detail, and harnessing the power of AI to analyze the student's actions during the exam. After the test gets completed, the data from the software is used in validating the examinee's identity and maintaining the integrity of a testing environment. Online Exam Proctoring offers unparalleled ease to proctors,

helping them ensure the integrity of online assessments. The system allows invigilators to monitor candidates from afar and help them conduct time-bound exams with the utmost ease.

Global key players of online exam proctoring include Meazure Learning, Mercer-Mettl, Respondus, Examity, ExamSoft (Turnitin), etc. The top five players hold a share about 36%. Service providers are mainly located in United States. North America is the largest market, has a share about 43%, followed by Europe and Asia-Pacific, with share 28% and 25%, separately.
