Abstracts

The global Online Yoga market size is predicted to grow from US\$ million in 2025 to US\$ million in 2032; it is expected to grow at a CAGR of %from 2026 to 2032.

Online yoga refers to yoga practice and learning activities conducted through Internet technology. It usually involves online video tutorials, live classes, interactive communities and other forms, allowing yoga enthusiasts to practice at home or other suitable places without going to a physical yoga studio.

With the improvement of people's health awareness and the acceleration of the pace of life, more and more people are paying attention to physical and mental health. Yoga, as a popular way of physical and mental exercise, will become more popular in its online form. It is expected that the user base of online yoga will continue to expand in the future, especially among young people and professionals.
