## Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

A 'pet grooming leash' is a specialized leash used by pet groomers to secure pets during grooming sessions. These leashes are designed to safely and securely restrain animals while they are being groomed, allowing the groomer to work efficiently and protectively. Pet grooming leashes typically have features such as adjustable length, sturdy construction materials, and secure fastenings to ensure the pet remains in place during grooming procedures. They come in various styles and designs to accommodate different sizes and temperaments of pets.

The global Pet Grooming Leash market size is projected to grow from US\$ million in 2023 to US\$ million in 2030; it is expected to grow at a CAGR of % from 2024 to 2030.
