The report requires updating with new data and is sent in 48 hours after order is placed.

The global Pet Skin and Coat Care Products market size is projected to grow from US\$ 4235.8 million in 2022 to US\$ 8287.3 million in 2029; it is expected to grow at a CAGR of 10.1% from 2023 to 2029.

The trend of pet ownership is increasing over the years, and the pets now being viewed more as members of the family and as companions. The U.S., Russia, China, and France are some of the countries with the largest populations of pet dogs and cats, according to Petsecure. Also, Americans spend more than USD 50 billion a year on their dogs. As pet owners become more health-conscious themselves, they tend to pay more attention to their pets' health and wellbeing. This has led to an increased demand for products that promote pet health, including skin and coat care products. The growing middle class and pet ownership among millennial households, who typically have smaller families, are boosting the pet population in emerging nations. Additionally, the benefits of pet ownership for people's health include greater heart health, fewer levels of anxiety and depression, and more. The COVID-19 pandemic had a significant impact on the market. According to Forbes Advisor survey 78% of pet owners acquired pets during the pandemic. As consumers were locked indoors, they became more attuned to their pets' health and wellbeing.

Pet Skin and Coat Care Products can provide a range of essential nutrients, such as omega-3 fatty acids, vitamins, and minerals that help to promote healthy skin and a shiny coat.
