The global Post-Merger Integration (PMI) Consulting market size is predicted to grow from US$ 44560 million in 2025 to US$ 75270 million in 2031; it is expected to grow at a CAGR of 9.1% from 2025 to 2031.

Post-Merger Integration (PMI) Consulting refers to the specialized advisory services provided to organizations after a merger or acquisition. The purpose of PMI consulting is to help companies effectively and efficiently integrate two separate entities, ensuring a smooth transition and maximizing the value derived from the merger or acquisition. PMI consultants assist organizations in aligning business strategies, operations, cultures, and technologies to achieve the desired synergies and objectives of the merger.

Increased emphasis on leveraging digital tools and technologies for smoother integration. This includes the use of advanced project management tools, analytics, and automation to streamline processes and enhance decision-making.
