Global core predictive maintenance solution manufacturers include IBM, Microsoft, SAP etc. The top 5 companies hold a share about 70%. North America is the largest market, with a share about 35%, followed by Europe and Asia Pacific with the share about 30% and 28%. In terms of product, cloud based is the largest segment, with a share over 75%. And in terms of application, the largest application is industrial and manufacturing, followed by transportation and logistics.
