The global Property Valuation Review Service market size is predicted to grow from US\$ 1407 million in 2025 to US\$ 2226 million in 2032; it is expected to grow at a CAGR of 6.8% from 2026 to 2032.

Property valuation review services are services provided by independent service providers with expertise in real estate valuation, collateral risk, real estate finance, or valuation governance. These services systematically evaluate existing real estate valuation reports, valuation processes, value models, or valuation conclusions, and generate professional review opinions. The work typically revolves around property identification, title status, valuation purpose, value type, valuation date, data sources, comparable transactions, rental and capitalization rates, cash flow assumptions, cost parameters, best-case scenario, valuation method selection, calculation process, and final value conclusions. Depending on the scope of the engagement, the service provider will generate compliance opinions, quality ratings, problem lists, adjustment suggestions, value ranges, independent valuation opinions, or reassessment revaluations.
