Rice Amino Acids is a vegetable-derived amino acid which offers improved body, shine, tensile strength and manageability. Its low molecular weight makes it easy to use in the most complex formulas. It is excellent for damaged areas, easing roughness and chapping. It has excellent substantivity and ability to penetrate hair and skin. It also helps to improve skin elasticity and increase hydration. The natural compatibility helps promote the skin's ability to regenerate, supporting normal cell function. It forms film to provide an excellent protective barrier against everyday environmental stressors and harsh conditions. Used in skin and hair care products.
