Abstracts

The report requires updating with new data and is sent in 48 hours after order is placed.

The rise in disposable income, a shift in the eating habits of consumers, increasing awareness of the health benefits of savory yogurt and the growing availability of flavored yogurt are expected to drive this market. Yogurt is rich in calcium and proteins and its health benefits include boosting the immune system, combating diarrhea and constipation etc. Health concerns due to the fat content in the yogurt and lactose intolerance may restrain this market. The introduction of low-fat yogurt and innovations shall help in the development of this market.
