Seam Sealer Tape delivers a new level of waterproof protection. Seam Sealer Tape can be used on the seams of different types of waterproof products.

The numerous advantages of multi-layered seam sealing tapes—in terms of superior waterproofing, excellent adhesion and a wide range of applications—have contributed to the high growth of the multi-layered segment in the seam sealing tapes market. Its numerous applications include apparels, tents, tarpaulins, footwear, and backpacks, among others. The single-layered segment is projected to register lesser growth during the forecast period, owing to the limited applications of single-layered seam sealing tapes.
