According to our LPI (LP Information) latest study, the global Solvent Recovery Units (SRUs) market size was valued at US\$ 1008 million in 2023. With growing demand in downstream market, the Solvent Recovery Units (SRUs) is forecast to a readjusted size of US\$ 1172.1 million by 2030 with a CAGR of 2.2% during review period.

The research report highlights the growth potential of the global Solvent Recovery Units (SRUs) market. Solvent Recovery Units (SRUs) are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Solvent Recovery Units (SRUs). Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Solvent Recovery Units (SRUs) market.

Solvent recovery is a form of waste reduction. In-process solvent recovery is widely used as an alternative to solvent replacement to reduce waste generation. It is attractive, like end-of-pipe pollution control, since it requires little change in existing processes. There is widespread commercial availability of solvent recovery equipment which is another attraction. Availability of equipment suitable for small operations, especially batch operations, make in-process recovery of solvents economically preferable to raw materials substitution. The solvent recovery systems are custom designed to optimize the recovery of solvents by combining condensers, receivers, vacuum pumps, and controls in a packaged system.

United States is the largest Solvent Recovery Units (SRUs) market with about 26%

market share. Europe is follower, accounting for about 24% market share.

The key players are Dorr Group, Sulzer, Progressive Recovery, Cooper Technology, OFRU Recycling, Controls Group, Koch Modular Process Systems, Wintek Corporation, SRS Engineering Corporation, CBG Biotech, Maratek Environmental, Spooner Industries, Wiggins, CB Mills, KOBEX etc. Top 3 companies occupied about 10% market share.
