Sweet chili sauce is a condiment that originated in Thai cuisine and is now popular worldwide. The sauce has a balance of sweet and spicy flavors, with a slightly tangy and savory taste.

The global sweet chili sauce market size has been growing steadily in recent years, driven by the increasing popularity of Asian cuisine and the growing demand for spicy and flavorful sauces. The market growth is being driven by the increasing demand for ready-to-use sauces and the growing trend of home-cooking. Sweet chili sauce is a versatile sauce that can be used as a dipping sauce, marinade, or glaze, making it a popular choice for home cooks and chefs alike.

In terms of geography, Asia Pacific is the largest market for sweet chili sauce, accounting for the majority of the global market share. This is due to the popularity of sweet chili sauce in Asian cuisine and the growing demand for convenience foods in the region.
