According to our LPI (LP Information) latest study, the global Takaful market size was valued at US$ million in 2023. With growing demand in downstream market, the Takaful is forecast to a readjusted size of US$ million by 2030 with a CAGR of % during review period.

The research report highlights the growth potential of the global Takaful market. Takaful are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Takaful. Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Takaful market.

Takaful is a Sharia-compliant Islamic insurance product, where members of the community contribute money or a part of their earnings to a pooling system that guarantees against any loss or damage. The underlying principle of takaful portrays the responsibility of each to cooperate and protect each other.

The drivers of Takaful demand include high economic growth and increase in per capita GDP, a youthful demography, increasing awareness, a greater desire for shari'a compliant offerings and increasing asset based, shari'a compliant financing.
