"In recent years, people's travel methods have continued to change. "Camping truck travel" has gradually entered the public eye due to its advantages such as safety, privacy, freedom, and comfort, and meets the personalized needs of consumers; under the epidemic, Camping truck travel can reduce contact with strangers as much as possible, which to a certain extent promotes RV tourism; secondly, house prices continue to rise, and more and more young consumers choose to use RVs instead of renting or even buying a house, and favorable policies are frequently introduced , the RV industry is ushering in good development opportunities.

Due to the epidemic, people's demand for travel has been suppressed, and travel risks are high. Camping can meet people's needs for travel and contact with nature, and can

also reduce the risk of the epidemic, making it the first choice for residents to travel. Starting from 2020, camping in China continues to be popular, and the popularity will reach a higher level in 2021-2022. In 2021, the camping camp market will increase by 78.6% year-on-year to 30 billion yuan. RV camping has become one of the important ways, and the camping craze has driven travel trailers. consumption. "
