Abstracts

The global Tufted Carpet market size is predicted to grow from US$ 10540 million in 2025 to US$ 15320 million in 2031; it is expected to grow at a CAGR of 6.4% from 2025 to 2031.

The impact of the latest U.S. tariff measures and the corresponding policy responses from countries worldwide on market competitiveness, regional economic performance, and supply chain configurations will be comprehensively evaluated in this report.

Broadloom means a tufted carpet that has been woven on a larger or wide loom. Therefore it comes in wider widths and can be installed with less seams or none at all. Typical rolls of broadloom carpet are usually twelve to fifteen feet wide. This is perfect for wall to wall carpeting installations in residential or commercial areas.

The research process involved the study of various factors affecting the industry, including the government policy, market environment, competitive landscape, historical data, present trends in the market, technological innovation, upcoming technologies and the technical progress in related industry, and market risks, opportunities, market barriers and challenges.
